ABOUT ME

Hello, I am from Baghdad, Iraq and live in Austria I am a graphic designer and website designer, and at the same time a Discord programmer. This is my hobby and passion. I have several projects that have completed. I have 4 years of experience in these fields, and I look forward to increasing my knowledge in the world of designing and programming.

JOB EXPERIENCE

SENIOR WEB DESIGNER

Agency / bema project

Director of the Design Department in a project, Executive Director of the Advertising Department, and Director of the Technical Support Department in Discord.

GRAPHIC DESIGNER

Market / Gegrillte Spieße Irakische Grill

One of the complete design projects for a restaurant in Austria: the menu, logo, façade of the restaurant, offers and advertisements

FREELANCER

I design logos for the FiveM gaming platform, as well as advertisements and designs for Instagram,, Facebook, and TikTok. Programming and designing servers in Discord.I also create anything related to design in general.
